BILAL KHAN

SR. FRONTEND WEB DEVELOPER | WORDPRESS | REACT JS

5B-1/26 Nazimabad No.5, Sub-Block B, Paposh Nagar, Karachi

+92 341 2425420

mbilalkhan92@gmail.com

SUMMARY

Seeking to explore new challenges in the Arena of Web and Application development to enhance my knowledge and update myself with imminent Web development trends in the local and international markets.

Provided insight into potential critical problem areas and ensured customer satisfaction of the delivered product. Designed, developed, tested and implemented mission-critical applications. Served as the primary technical point of contact for financial systems and integration solutions.

WORK EXPERIENCE

OCT 2021 – JAN 2023 | SR. FRONTEND DEVELOPER (REACT JS) | MANAGER - TEKREVOL

- Build web applications with web development best practices.
- Transform app designs into front-end code with HTML, CSS, and JavaScript.
- Work with back-end developers to integrate UI components with APIs and databases.
- Gather and refine specifications and requirements based on technical requirements or UX design.
- Debug errors, troubleshoot issues, and perform routine performance optimizations.
- On-site search engine optimization (SEO).
- Write high-quality, scalable, and reusable code.
- Stay plugged into emerging technologies and industry trends.
- deep understanding of CSS and Preprocessors (e.g. Sass, SCSS).
- experience applying designs from Sketch/Figma files.
- Build app and UI components from prototypes and wireframes.
- Create front-end modules with maximum code reusability and efficiency.
- Implement clean, smooth animations to provide an excellent user interface.
